VOLUME XXXV. UKIAH CITY, MENDOCINO COUNTY, CAL., FRIDAY MORNING, DECEMBER 25, 1903. NUMBER 11

Grand Jury Report

A Crusade to Begin Against the Obnoxious Slot Machine

The grand jury for this year concluded its work Tuesday night and the court held a short night session to receive the report. After the usual preliminary statements the reports of comttees on county offices and county farm are given. These are in general commendatory as to the manner in which the offices are kept and conducted. The committee on jail suggest a change in the hours for serving prisoners' meals, there being under the present system 18 hours between dinner and breakfast and 6 hours between breakfast and dinner.

As the work of the board of supervisors had not been experted for about two years, the jury appointed A. J. Thatcher and J.C.Ruddock to expert the same for 1902, and J. W. Preston and C. H. Kent for the work of 1903 to December. The reports of these experts are attached to the report of the jury. They are well written reports. The jury report it unnecessary to expert the books of the county offices as that has already been done to the end of the last fiscal year. The jury recommends that no more retail liquor licenses be issued to keepers or inmates of houses of ill-fame.

The District Attorney is instructed to take the necessary legal steps to collect $40 per quarter from relatives of inmates of the county farm, under the provisions of an order of the Board of Supervisors dated April 9th, 1902.

The following preamble and resolution appears in the report:

Whereas; this grand jury is informed that it is unlawful to keep, operate or maintain any slot machine or slot machines which pay in money or other thing of value, at or in any place of business in this state, in the use of which the element of chance exists, for the use of customers or of the public; Resolved, by this grand jury, all members being present, that District Attorney of Mendo- county be, and is hereby in- ted to take immediate steps press the use of such slot machines being operated contrary to law; and we recommend that said District Attorney first notify all owners, lessees, keepers or operators of unlawful slot machines to discontinue their use at their places of business, or elsewhere within this county; and if such notices prove ineffective, then the District Attorney is instructed to proceed according to law in such cases made and provided; and we recommend that the Board of Supervisors repeal Section 23 of Ordinance No. 121 relating to licensing slot machines.

The report of the experts shows that possessory claims to land in this county, homesteaded but not yet patented, have not generally been assessed for state and county taxes. Upon this point the jury say: All such lands should be assessed, not as land, but as "possessory claims" to land, and such possessory claims are taxable as other property, and the assessor should assess the same and should collect the tax at once, unless such tax is a lien on real estate owned by the homesteader or claimant.

The attention of the District Attorney is directed to the matter of claims for the burial of deceased soldiers, as the law provides for the payment of such claims only when the relatives of such deceased soldiers are indigent or unable to pay the same.

In justice to the auditor's and treasurer's offices, it is proper to state that a number of the errors reported by the experts with reference to claims allowed and paid, are susceptible of satisfactory explanation and some of them were explained to the jury, but in the hurry of preparing the report a statement of this fact was overlooked. On the face of these claims the irregularities existed, but they were explained before being audited and paid.

The District Attorney is requested to carefully examine the law under which the Board of Supervisors have acted in appropriating public money in aid of the 45th district Agricultural Association, to ascertain if such appropriations be lawful, and if found illegal that he take steps to recover sums already appropriated for that purpose; and it is stated to be the opinion of a majority of the jury that such payments are illegal.

These are the main points in the report and for further information all those concerned are referred to the attached reports of the experts, the main features of which will be published in the DISPATCH as soon as possible.

Elopement and Marriage

Miss Alice M. Howard, daughter of Mr. and Mrs. Pete Howard, of this valley, and Frank H. Scott, of Ukiah, took the early morning train from this city together, their destination being Oakland. It was a case of true love and determination as against parental authority, to-wit, an elopement. The young couple reached Oakland safely, procured a license and were married at once by Justice of the Peace Quinn. D. M. Barnwell was best man.

The bride and groom started Tuesday night for Los Angeles and thence to Anaheim, where the groom's parents reside. Mr. Scott is a young carpenter who has lived here for some time and was generally known as an industrious man of good character. It is said that the young couple desired to marry a year ago, but the father of the young lady objected and as the objections were still persisted in, they decided to take matters into their own hands. Choosing a time when her parents were not at home the young lady made ready, once more proved the saying that "love lsughs at locksmiths" and unyielding parents.

Death of Geo. Bermudes

George Bermudas, of Round valley, who was serving a two year sentence in San Quentin for horse stealing, died last Tuesday. The interment took place at Cyprus Lawn cemetery, San Francisco. Bermudas was 19 years old.

Cleveland---Overmeyer

Jesse Cleveland and Miss Nellie Overmeyer were united in marriage last Sunday at the home of the bride in this city, by the Rev. W. W. Cooper. A number of relatives and friends witnessed the ceremony, after which all sat down to a splendid wedding dinner. The young couple are well known here and have a host of friends who wish them good luck thru life. They departed on the afternoon train for San Francisco amid a shower of rice and old shoes. After the honeymoon they will return and make their home in this vicinity.

Merry Christmas

Ukiah People Celebrate a Good Old Holiday in Good Old Style

According to the general practice in Ukiah, there were Christmas gatherings and Christmas trees at nearly all the churches last night, under the auspices of the Sunday schools. As we are about ready for the press as this is being written, a detailed description of the doings at each church cannot be given. Suffice it to say that at each church, including the Presbyterian, St. John's M. E., Christian, Baptist and M. E. church, South, there was a merry and expectant assemblage of children and young people with their parents, and all were gratified and went home happy. At each church there was a Christmas tree laden down with beautiful and useful presents for the children and for the older people. Santa Claus made his usual rounds on time and was impartial in the distribution of his gifts to all of his young friends. Musical and literary programs were rendered to entertain the audiences pending the arrival of Santa Claus. At the Catholic church the usual Christmas services will be held to-day.

There is nothing more beautiful than these annual gatherings at all our churches at Christmas tide. They make everybody, old and young, better, more loving more humane, more liberal and sweeter. They call freshly to mind the most important event of all history the entrance upon earthly life of Him who spake as never man spake; the lowly one of Nazareth, who loved little children and "went about doing good." He opened up the way to the grand civilization which we now enjoy, and the influence of his teaching will go on broadening and expanding in granduer while the ages roll on.

RECTOR OF ST. LUKES

Ashburnham, Ontario, Testifies to the Good Qualities of Chamberlain's Cough Remedy

Ashburnham, Ont., April 18, 1903. —I think it is only right that I should tell you what a wonderful effect Chamberlain's Cough Remedy has produced. The day before Easter I was so distressed with a cold and cough that I did not think to be able to take any duties the next day, as my voice was almost choked by the cough. The same day I received an order from you for a bottle of your Cough Remedy. I at once procured a sample bottle, and took about three doses of the medicine. To my great relief the cough and cold had sompletely disappeared and I was able to preach three times on Easter day. I know that this rapid and effective cure was due to your Cough Remedy. I make this testimonial without solicitation, being thankful to have found such a God-sent remedy. Yours Respectfully,

E. A. LANGFELDT, M. A.,
Rector of St. Luke's Church.

Coughs, Colds and Constipation

Few people realize when taking cough medicinee other than Foley's Honey and Tar, that they contain opiates which are constipating besides being unsafe, particularly for children. Foley's Honey and Tar contains no opiates, is safe and sure, and will not constipate. It has long been a household favorite for coughs, colds, croup and all throat and lung troubles. It is pleasant to take and acts promptly. Sold by E. B. Gibson.

The Commoner.

(Mr. Bryan's Paper.)

The Commoner has attained within six months from date of the first issue a circulation of 100,000 copies, a record probably never equaled in the history of American periodical literature. The unparalleled growth of this paper demonstrates that there is room in the newspaper field for a national paper devoted to the discussion of political, economic and social problems. To the columns of The Commoner Mr. Bryan contributes his best efforts; and his review of political events as they arise from time to time can not fail to interest those who study public questions.

The Commoner's regular subscription price is $1.00 per year. We have arranged with Mr. Bryan whereby we can furnish his paper and THE DISPATCH together for one year for $3.25. The regular subscription price of the two papers when subcribed for separately is $3.50.

A Letter From Litchfield, Neb.

Thomas Clancy, of Litchfield, Neb. wrote us a few weeks ago about his experience with Dr. Gunn's Blood & Nerve Tonic. As his case may be similar to others it naturally would be of interest to them to know the result of his test. He had been haunted for years with a gradual growing weakness until he was reduced to almost a shadow. His complexion was sallow and pimply, had dizzy and sinking spells, with loss of memory and ambition. Always felt tired and outdone, suffered greatly with nervousness, and felt that his heart's action was weak. His digestion was so poor his system received no nutriment. He says he commenced the use of this Tonic, taking one tablet after each meal. He did not notice much change after using one box only he enjoyed his meals better, still he kept on until he had used six boxes. He used the last box more than six months ago. When he stopped the use of the Tonic he weighed 28 lbs. more than he did when he commenced. Has not been sick a day since, and is well in both mind and body. Dr. Gunn's Blood & Nerve Tonic is the best medicine in the world for pale, weak or sickly women. Sold by all druggists for 75c per box, or sent by mail on receipt of price. Write us about your case. Address Dr. Gunn, Philadelphia, Pa. For sale by Mathews Drug Co.

The pupils of the public school all remembered their teachers last Friday by presenting them with tokens of esteem.

Narcotic Poisons.

And mercury used in the treatment of piles was begun in the dark ages, give temporary relief only by paralyzing the bowels and do not cure, but in really weaken the parts and prevent nature from restoring nature to a healthy condition, as any honest and intelligent druggist or doctor will admit, and as may be seen by reference to the United States Dispensatory, which says:

"Opium lessens the natural motion of the bowels, its local effect is the same as its general operation; conium paralyzes the motor nerves; aconite reduces muscular strength; belladona produces paralytic symptoms; hyoscyamus and stramonium are same as belladonna They do not exercise any curative influence."

The following is the expression of all up-to-date druggists:

In twenty years' experience I do not know of any medicine curing piles except your non-narcotic Pile cure. I know it cures.—J. H. Trout M. D., Los Angeles, Cal.

"In 28 years' experience I have prepared all manner of narcotic and mercurial preparations for piles, but none to my knowledge ever cured a single case."—P. B. Sprague, druggist, Lincoln, Neb.

No reputable chemist, doctor or druggist will claim any curative virtues for narcotic preparations in the treatment of piles."—A. B. Levi, Ph. G., Denver, Colo.

IMPORTANT NOTICE

WE WILL BE BRIEF in stating that we are preparing the greatest January Clearance Sale we ever held or ever was known in northern California. It will be more of a Sacrifice Sale than anything else. We will make such cuts in prices as to compel the entire Fall and Winter stock to move out. It has been our policy in the past not to carry goods over from one season to another, and we will apply to this sale much greater force of Price Cutting than ever before, as our stock is much larger than it ever was.

Another reason for this Great Sacrifice Sale is that a new system will be applied to this business the coming season. This business will be run on an entirely different system which will be announced later, and will be of greater benefit to our patrons.

This great sale begins Saturday, January 25, 1904, and will be continued for thirty days.

TASTEFUL AND PRETTY WEDDING

Edwin H. Percy and Miss Lura T. Kirtley United In Marriage

Last Sunday at high noon Mr. Edwin H. Percy and Miss Lura T. Kirtley were united in the holy bonds of matrimony at the home of the bride's parents in this city.

The parlor had been tastefully decorated for the occasion, and as Miss Mayme Kirtley, sister of the bride, played the wedding march the handsome couple entered the room, where they were met under the archway by Rev. W. O. Waggener, who in a very impressive manner pronounced the words that made them man and wife forever, using the ring ceremony.

The bride was very handsomely dressed in a blue-gray zebeline tailor suit and looked bewitchingly pretty, while the groom wore the conventional black. The ceremony over, the happy couple received the hearty congratulations of those present. All were then ushered into the spacious dining room, where an elegant wedding dinner was in readiness. The newly married couple were the recipients of many valuable and useful presents as follows:

Silver fruit stand, Mr. and Mrs. W. A. Ford;
Solid silver salt and pepper shake, Mr. Joseph Haynes;
Carving set, Mr. C. L. Brown and Nellie Percy;
Clock, Philip Joseph;
Solid silver bon bon spoon, Mrs. M. T. Brittan;
Solid silver gravy ladle, Miss Vira Hobbs;
Cut glass salt and pepper shake, Mary Waggener;
Solid silver tomato spoon, Clarence Hobbs;
Solid silver tea spoons. Miss Elizabeth Kirk;
Solid silver knives, forks and table spoons, E. H. Percy, Sr.
Cheque bread plate, Mrs. M. E. Bowles;
China, Mrs. E. H. Percy, Sr.
Picture, "Eventide;" Mr. and Mrs. J. B. Sanford;
Bible, Mr. and Mrs. J. T. Kirk;
Solid silver individual butter knives, Mrs. J. R. C. Hobbs;
Solid silver salad forks, Earl N. Percy;
Solid silver lettuce fork, Mrs. C. J. Kirk;
Solid silver cream ladle and jelly knife, Mrs. T. L. Smith;
Silver coffee pot, Miss Ruth Joseph;
Silver cream pitcher, spoon holder and sugar bowl, Mrs. Kirtley and Miss Mayme Kirtley.
Cash, N. B. Kirtley.

Only the immediate relatives and a few intimate friends witnessed the ceremony. Those present were:

Mrs N. C. Percy, Mr. E. N. Percy, Miss Nellie Percy, Miss Ruth Joseph, Miss Mary Waggener, Rev. and Mrs. W. O. Waggener, J. B. Sanford, Mr. and Mrs. W. A. Ford, Kirk and Kirby Ford, Mr. and Mrs. T. D. Kirk, Mr. and Mrs. N. B. Kirtley, Miss Mayme Kirtley, Mrs. Bettie Chalfant.

The groom is a graduate of the Lick Polytechnic school of San Francisco and a member of the famous Reliance foot ball team of Oakland. The bride graduated from the Marysville high school, and studied vocal music under Mrs. Sanford of Ukiah, and later under Prof. Pasmore of San Francisco. She possesses among her other accomplishments a fine mezzo soprano voice.

The young couple took the afternoon train for Willits and from thence went to Glen Blair, where the groom is head machinist, being engaged in putting in the new machinery for the Glen Blair mill. The bride is the accomplished daughter of Mr. and Mrs. N. B. Kirtley and was one of Mendocino's most popular school teachers. Mr. and Mrs. Percy will make their home at Glen Blair for the present, but will remove to Oakland in the spring. The DISPATCH joins their many friends in wishing the happy young couple a long life of unalloyed bliss. J. B. S.

Last Wednesday at Wilson & York's hall Miss Louise Ames gave a Xmas party to her class. Dancing, games and refreshments were the features of amusement, which were thoroughly enjoyed by all present.

J. F. Pickle and wife were in town from Potter last week on business.

Some Important Litigation

Attorney J. W. Preston, assisted by A. J. Thatcher, has commenced and is about to commence some important litigation. The question involved is the validlty of certain assessments on government land made after the filing and before final payment has been made to the United States.

The points made are: First, that section 3805a of the Political Code as amended in 1901 in so far as it withholds the power of the board of supervisors to cancel these assessments is unconstitutional and void, being in contravention of the act of congress of 1850 admitting California as a state, and also the state constitution.

Second, if it be granted that these possessory interests in lands can be assessed, then they must be assessed as "claims to" the land and not to land itself. And unless so described the assessment is void.

The style of the cases will be as follows: Robert Moore vs William Heeser and Robert Dollar, suit to quiet title. Vincent Guillot vs board of supervisors, a petition for a writ of mandate compelling said board to cancel a certain assessment; and also Robert Moore vs Mendocino county—Suit to recover taxes paid under protest.

The question of practice being an unsettled one, the three suits will be brought to save all points. The recent stir in timber lands has disclosed a vast number of these tax sales. Mr. Preston, being a member of the Ukiah Guarantee Abstract and Title company, a great many of these matters have come through his hands. He has collected together a number of these matters and has decided to make this test of the law. The question raised has never been settled by the supreme court.

If this litigation is successful it will be a saving of thousands of dollars to the tax payers of Mendocino county, as these delinquent taxes increase twenty per cent each year and a great many of them are old sales. We are glad to see the courage manifested to have this important matter finally and definitely settled.

Sad Accident

Last Monday Floyd Banker, son of Monte Banker, and Hanby Ford, son of Arnold Ford, went hunting on the Ford ranch, three miles north of town. Young Banker was carrying a shot gun and was in the lead, and stumbled and fell. The gun was discharged, the charge striking young Ford in the lower jaw, shattering the bone and tearing away the flesh in a horrible manner.

The chin was fractured in two places and a large piece had to be taken out of the middle part of the jaw, leaving the jaw in a very bad condition indeed. Floyd Banker is about 12 years old and Hanby Ford about 8 years of age. The injured boy is getting along as well as could be expected under the circumstances.

Arthur Henley arrived in Ukiah this week on his holiday vacation. Arthur took half a year off from Stanford and has been working in the Calaveras mines. He will return to Stanford after the holidays.

Robt. Moore was over from Christine last Tuesday on business. He reports the roads in bad condition in his section of the county.

R. L. Sullivan, of Hopland, was in Ukiah last Saturday. He came up to attend the funeral of Mrs. Sommers.

News From Albion

ALBION, Dec. 19.—As the huckle berry ridge correspondent has taken a few weeks' rest from our quiet but pleasant little burg, I will try to fill the place for once.

We see that Kerr & Rushing have up their sign for a new feed and livery stable. Their friends wish them success.

The Albion hotel is again running under the management of the well-known Gus Nelson, formerly of Greenwood.

The ladies' Christian association is intending to give a tree at this place, the program Christmas eve being conducted in their new church.

Mrs. Joe Rushing, of Albion, is now in San Francisco for the benefit of her health.

Albion's new engine is now making regular trips to the woods and back under the skillful management of engineer Hayden and fireman Crockett.

Two of Albion's most prominent sports took an outing up the Albion river the other day, going by way of the railroad. When almost at their destination one of the sports thought he would explore a hill nearby for feathered game, leaving his companion to await his return beside one of those horrid trussels. When the former arrived at the top of the hill he looked back and beheld his companion with a dog under his arm crossing the trestle. At a very short distance behind the brave lad was the dog's fair mistress on hands and knees, striving to gain the opposite side also. I think I would have let the dog crawl. How about you, boys?

Salmon must be getting plentiful from the crowd that was to be seen on Little Salmon last Friday. The girls were in high top shoes carrying spears, and the boys had guns and ammunition.

Ralph Greenough, our popular and highly respected teacher, is now enjoying a pleasant and well-earned vacation in San Jose. His many friends miss him very much, but the vacancy is being very well fillled by the smiling face of his brother, Fred, who is home on a short visit. The latter is reported to be in poor health, but is improving since arriving on the ridge.

A Great Agency

We Have Secured Control for This City of the Fulton Compounds, the Only Things Known to Medicine That Cure Kidney Diseases in Both the Primary and Secondary Stages.

The kidneys are not sensitive and the disease is sometimes fastened and already chronic with the very first symptoms. If it has hung on eight to ten months it is surely chronic. In either case why take chances? Why not take at first the only thing known that cures kidney disease in the chronic as well as the primary stages. The Pell case cited below, by permission, is especially valuable, for its incurability was doubly confirmed by consulting physicians, and after recovery under the Fulton Compounds the recovery was also doubly attested.

On May 1st, 1902, the son of R. C. Pell, the manager of the Pacific Coast Biscuit Company of Second and Folsom streets, San Francisco, was declared by the family physician to have chronic kidney disease and incurable. Another physician was called in and confirmed the diagnosis. The whole body was swollen with dropsy, and a fatal termination looked for. The Fulton Compounds were then turned to as the only hope. On September 15 the dropsy had disappeared and the boy was well, and after double examinations the physician declared the recovery complete and gave Mr. Pell a written report which he now has.

Judge G. A. Cabaniss, the Police Judge of San Francisco, also attests the recovery under his own observation of a friend of his who also recovered when the case (chronic Bright's Disease of the kidneys) was well known to be incurable according to all medical authorities.

Up to the advent of the Fulton Compounds medicine knew nothing that would cure kidney troubles after they became chronic. About nine-tenths of all cases are now curable, even after they have developed into the dreaded chronic forms of Bright's Disease and diabetes. No statements are published or invited except from chronic cases that, like the above, are incurable by all other known medicines. If your kidney trouble is recent Fulton's Renal Compound will cure it quickly. If it is of over eight to ten months standing it is the only thing known that will save your life. John J. Fulton Co., 409 Washington street, San Francisco, sole compounders. Fulton's Renal Compound for Bright's and Kidney Diseases, $1; for Diabetes $1.50. Free analyses made for patients. Christmas at

One Hundred

In the Shade

DALLIANCE had importuned the editor of Everybody's Palladium for a month to commission him to write a story. One day, after he had quite ignored the bohemian on his last dozen calls, the editor said:

"Yes, you can try your hand at a Christmas tale for our December number. I'm going to the mountains to keep cool during dog days. Mail it to me there at the end of this week, and I'll read it immediately."

Now, Dalliance had several Christmas sketches all ready to spin out into stories, but instead of buckling to in good faith and finishing one of them he began to speculate on the idiosyncrasies of the chief of the Palladium.

"What in thunder does he want with a Christmas story in August, with December over three months away? If he'd said Thanksgiving it would be more like it, and then I could work a Christmas story on him later.

"Humph! He's 'going to the mountains to cool off!' Much pleasanter place to pursue the paths of magazine editing than the dingy, dinky quarters of the Palladium. But I'll fix him. Of course he wants a story from my pen, only he's too stingy of courtesy to say so.

"I'm going to keep cool."

"To the mountains to keep cool and wants to read about Christmas sleigh rides and snowdrifts, iceboats and chill wintry blasts blowing through old Santa's whiskers. This is fighting dog days with the mind cure. But his nobs 'll not get a mental ice bath from me this trip. I'll put him into a mental oven instead and roast the mountain coolness out of him."

So Dalliance wrote in a spirit of vindictiveness and pushed his pen as he never pushed it for the prospective publisher's check. He laid the scene of his story in a farmer's kitchen in the middle west. All the family, three generations wide, rallied in the little farmhouse to gorge on grandma's Christmas goodies. The weather clerk lost his reckoning, and it was a green, sticky Christmas. Moreover, the author piled on the agony with a roaring hickory fire, baking, roasting, stewing half a dozen women and girls packed in the fiery kitchen, lost to all discomfort so the feast was done on time and eaten piping hot. Grandpa said, "'Twun't be no C'ris'mus 'thout the ole fireplace a-humpin'!" And so there was a roaring furnace in the dining room, where the overgrown crowd was packed in to dispose of hot bean soup, hot turkey, hot baked potatoes, hot turnips, hot apple sauce, hot plum pudding, hot mince pie and hot coffee.

It was 100 in the shade in Dalliance's city den while he wrote, as well as in the picture he drew, and he was exhausted from the effect of his own medicine when the sketch was finished. But this was a trifle so long as he could parboil the editor of the Palladium. For a week he lived over the details of his joke, sweltering as one can in dog days with flames, heat waves and sissing things before the mind's eye.

Certain of the success of his scheme and the usual gilt edged check, for the Palladium was a liberal paymaster, he decided to blow himself in advance by way of cooling his overheated blood. He haunted the beach and the roof gardens, and, having gorged his stomach with ice water while concocting the red-hot story, he found it necessary to introduce more palatable liquids, and these cost good money. Every night, or, rather, early morning, he happened around to see if the mail had landed his check and, not finding it, lived the story over again, as he thought the editor would find it in his mountain haven. It even delighted him to believe that his victim was having a good long roast. These frequent rehearsals produced the inevitable result of more thirst, more ice water, more staleness of the palate and a desire for liquid that would take hold. Then at length he got his manuscript back with a curt note saying:

It was 100 in the shade.

My Dear Sir—In the same mail with your manuscript came a note from my assistant to the effect that a Christmas story bought last year and somehow mislaid in the Palladium office has turned up. Of course we must use that, so I am compelled to deny myself the personal pleasure it would afford me to read your manuscript in order to return it in time for you to seek a purchaser elsewhere. Thank you just the same for submitting it. THE EDITOR.

Poor Dalliance hadn't even the usual satisfaction of cursing the numskull autocrat for not knowing a good thing when he saw it.

Silver Creek

Versus

Golden Gulch

By A. B. LEWIS

HOW Silver Creek and Golden Gulch became one was brought about in this manner: For many years keen rivalry had existed between the two towns, which were only a stone's throw from each other. Both claimed to be head and shoulders above the other in enterprise and progressiveness, and one never made a move in public improvement that the other did not go it one better.

When Golden Gulch built a town hall two stories high, Silver Creek built one of three stories. When Silver Creek erected a new jail, its citizens had hardly begun to crow over the matter when Golden Gulch was working overtime to build a better one.

"Who'll be fust?"

And in all other matters there was rivalry. Even when four dwellings burned in Silver Creek one night Golden Gulch sacrificed five of its buildings, just to keep ahead in such matters.

It had been about an even thing between the two towns when one day Bill Stevens caused consternation in Golden Gulch by bringing in the news that Silver Creek "was preparin' fur the whoppinest C'ris'mus celebrashun ever known in the state." When asked for further particulars he said:

"Boys, I've just come from thet dawggoned town, and, though they're keepin' it mighty quiet, I got on to their little surprise party. Them coyotes are goin' to flop us if they kin by hevin' a lynchin' on C'ris'mus!"

"Got a hoss thief, eh?" asked one of the crowd.

"Thet's what they've got, boys," continued Bill, "and they're savin' him fur the occashun. He's to be lynched in the public squar' on C'ris'mus afternoon, and when it becomes known thet Silver Creek kin celerbrate her holidays in sich a befittin' manner it 'll boom her like thunder and 'll be all over with us.

"Boys, we've gotter hev two lynchin's or admit we're back numbers. While we ain't got no hoss thieves, thar's plenty of loyal citizens in Silver Creek, and I'm bettin' terbacker ag'in gold dust thet two of 'em will step forward and let us lynch 'em on C'ris'mus and save the town's repertashun. I'll promise 'em thet it will be done in a genteel manner and thet a ten foot monument will be put over their graves to boot. Now, boys, who'll be fust in this matter?"

Bill was alone.

A deep silence followed Bill's query. Two minutes after he had asked the question ten men had left the crowd. Three minutes later a dozen more had disappeared, and five minutes later Bill was quite alone.

As he watched the last of the crowd dodging around a corner there were tears in his eyes as he exclaimed to himself:

"And most of 'em hev sich bewtiful necks fur hangin' too! Waal, we're a licked crowd, but I allus did sorter o' reckon thet Silver Creek was a heap sight better town to live in than Golden Gulch, and I'm goin' to make my home thar hereafter."

And there were so many others in the town who suddenly came to this conclusion, especially after the lynching on Christmas, that there was an exodus from Golden Gulch to Silver Creek, and the two towns merged and became one and indivisible.

The Only One In Captivity.

THE DUTY OF OUR CITIZENS

The citizens of Ukiah, if they wish to see the town progress and prosper, have a duty to perform. It isn't becoming the dignity of a good citizen to lie in a state of lethargy year in and year out and then grumble on election day because the city officials have not given more energetic and efficient service. It is the prerogative and the duty of the citizens to speak to the officials about needed legislation and urge them on to increased activity. If the town board of trustees make some good improvement, compliment them and let them know that you appreciate their enterprise. If the officials are derelict in their duty, kindly spur them up. The city trustees are having stone crossings put in on some of the most travelled thorofares. If you appreciate this work tell the board about it. Then they will feel that their efforts are not entirely in vain, and will strive harder to do more along the line of progress.

Since last Friday's issue of the DISPATCH, many citizens have taken the pains to compliment the editor on the editorials relative to the development of Ukiah. This, of course, is appreciated, but more than this is needed. If you believe in the propositions as set forth in last week's DISPATCH, lose no time in speaking to the board of trustees about it and urge them to inaugurate a progressive policy. Citizens of Ukiah, do you want to have better sidewalks along the principal streets? If so, speak to the city trustees. Do you want every property holder to be forced to connect his premises with the sewer? If so, make it known to the city trustees. Do you want Ukiah made metropolitan in appearance by having every street labeled and the houses numbered? If so, speak to the trustees and urge them to adopt some system at once. Do you want the electric light plant remodeled and made up-to-date, so that every one can have electric lights? If so, speak to the trustees and urge them to take the necessary steps to expand the plant at once. The trustees will hardly feel like undertaking such an elaborate scheme of development if the people do not show that there is some demand for it.

There must always be an overwhelming public sentiment in favor of such enterprises to secure any definite action on the part of officials. If the trustees feel that the people want these improvements, we think that they will take action at once. Now, it is up to the people! What are our citizens going to do about it? Do you want a progressive, enterprising, metropolitan city here in this beautiful valley as the county seat of Mendocino county, the best county in the state? Our town is what the people make it, and is a reflex of the citizenship. The town is not up-to-date, therefore the people are not. Do you want it made up-to-date? Well, then, wake up! The town can be nothing more nor less than what the people make it.

There is in the DISPATCH *office a petition to the board of city trustees requesting them to take action on the four propositions mentioned herein. If you are in favor of it, come and sign the petition, so that the trustees may know the sentiment of the people.*

THE STRAIGHT GOODS

In the Times this week appears an article purporting to come from "A Democrat" of Boonville. Last week's issue of the DISPATCH, on account of the extra work entailed in getting out the Xmas edition, was a day late in reaching most towns outside of Ukiah. So the purported Boonville correspondent must have used a flying machine to get a letter to Ukiah in time for last Tuesday's Times, after the DISPATCH had reached Boonville. The U. S. mail could hardly have made the connection in time. The old saying of a "guilty conscience," etc., made this unreal scribbler think the same of others.

When the DISPATCH has anything to say editorially, it usually does so in a way that all may understand. It has never yet had to hide behind a nom de plume. Ever since the board of supervisors raised the taxes twenty-five per cent this office has been flooded with letters of protest. Some seventeen letters were received from the First district—Hopland, Yorkville, Boonville, Philo and Christine. Many resorted to personalities and were refused publication, as the editor did not wish a public matter to sink into personal recriminations. Two letters from "Johnny-on-the-spot" were refused publication. The last one, being a query, was published and answered by the editor of the DISPATCH, and signed openly and above board. The DISPATCH has made no "attack" on Mr. Rawles, or any other public official, other than publishing the public record and the truth. If this be "attack," all very well and good.

The DISPATCH has no personal quarrel with Mr. Rawles and will not allow a public matter to become personal, however glad Mr. Rawles might wish it to become so. Regarding the insinuation about the tax list, we will state that the spacing and manner of setting the list was the one that has been in vogue in this county for the past thirteen years. The same spacing as used by the Press ten years ago, the same as used by the DISPATCH before the present editor assumed control of the paper, the same as used by the Record, and the same as used in last year's Times. These papers were used as samples to go by. Each county has its own plan of publication. The DISPATCH printed the list as it has always been published in this county, and the way it should be, and there was not an error in it.

"Johnny-on-the-spot" will be found to be a real person all right. We do not think he would intentionally impose upon our readers by misstating any facts. What he said in his letter he said to the editor personally, and so did others. He can probably hold his own. Not having a flying machine at his command, he can not get a letter here for publication this week, after the Times reaches Boonville, as "A Democrat" did. We prefer to let the people of the First district settle their own supervisorial matters. If the First district can stand four years more of Rawles and high taxes the DISPATCH can.

PLANT SHADE TREES

While the people are agitating the propositions of beautifying and improving the town, why not try to induce every property owner to plant shade trees along the sidewalks in front of his premises? What a beautiful town this would be with nice shade trees along the sidewalks! In five years' time the trees would be large enough to give a good shade in summer time. The cost would be very little and in a short time the trees would add much to the value of the property.

This is something that the citizens should think about. This is a good thing for the Ladies' Improvement Club to take hold of. This is a good time to begin. Let this be one of the New Year resolutions. Suppose the improvement club work up a big tree planting, with appropriate exercises, for Arbor day. It will be worth many dollars to the town, to say nothing of the pleasure and satisfaction to be derived therefrom in the future.

Dr. H. B. Copsey is down from Ukiah to spend the holidays with his family. Glad to see the genial doctor with us again.

Pete Cunningham is up from Stanford university to spend the holidays. Pete will soon blossom out as a full-fledged lawyer.

A good many parents in this county do not seem to understand that there is a compulsory law in this state requiring children to attend school. Under this law all children between the ages of 8 and 14 must attend school for at least five months in each school year, of the time a school is maintained in the district, except in certain cases specified in the law, and in these cases certain requirements must be complied with by the parents. Failure to comply with this law is a misdemeanor.

The Cuban reciprocity treaty has passed both houses of Congress and received the signature of the President. It was a Republican measure but not in line with the ideas of the great James G. Blaine. Senator Bard was the only Republican senator brave enough to vote against the obnoxious measure. Bell stood by California and voted against it.

We are in receipt of a communication from "Fire Fly," of Yorkville, this week, which is refused publication for the reason that the writer's name was not attached. The DISPATCH refuses to publish anonymous articles. The writer's name is not wanted for publication, but simply as an evidence of good faith on the part of the party sending in the communication.

True to his promises made in the campaign, Congressman Bell has introduced a bill calculated to stimulate and improve the wine industry of this state. The bill is drawn along proper lines and is an excellent one. It should become law without opposition.

Of course the Republican party should not be charged up with the failures, and strikes and shut-downs and general financial and industrial calamity we are reading about. But if the administration were Democratic—! !! !!!—Atlanta Constitution.

The Republican national convention will meet in Chicago, June 21, 1904. The Democratic national committee will meet Jan. 12, and fix the time for holding the Democratic national convention.

Congressman Bell was called to California the latter part of last week on account of the death of Mrs. Bell's mother at Napa.

No Lights Can Be Added

We are authorized by a member of the board of trustees of this city to state no more electric lights can be connected with the plant at present, nor for some time to come. The plant is running at its full capacity and is really carrying a bigger load than it ought to carry. There is a great demand for lights, but it cannot be supplied until additional power can be added to the plant.

Wednesday Night's Fire

Last Wednesday evening, the building occupied by the Rudd family caught fire about 6 o'clock and soon burned to the ground.

The fire was caused by an overturned lamp. No hydrants were near so all the firemen could do was to watch the nearby buildings. The building was a two story one and was partly within the city limits. The building belonged to the Building and Loan association, and was insured. The Rudd family lost all their belongings and are in destitute circumstances. Mr. Rudd is a hard working man and was on his way home with a load of wood when the fire broke out.

His loss means much to him, and as to-day is Christmas, our benevolent citizens could not do a more charitable act than to remember this family. The family consists of Mr. Rudd and wife and twelve children. As you celebrate the birth of Christ to-day, act the part of a christian by helping this family so sorely in need of aid.
